## Field Data Management Services

**dsOPS is a "designed by industry" web accessed application that allows your company to track personnel, equipment usage, manage pricing, record revenue, from any location creating capital and operational efficiencies throughout.**

### Operational Impacts and Benefits

- Enhances communication between the field and offices within the entire organization
- A single source to manage your day-to-day operations
- Reduce time that support staff spends generating reports
- Track equipment and personnel in real-time
- Share equipment certification, safety, and training records through authorized access to anyone
- Improved DTI through auditing and tracking daily field tickets online

dsOPS is hosted in a secure Q9 data center using advanced technology to protect your data, including AES-256 Bit encryption

The screenshot displays the dsOPS web application interface. The top navigation bar includes links for General Admin, Company Admin, Reports, dsOPS, and dsOps. A user is logged in as 'Ops Demo'. The main content area is divided into a left sidebar with navigation links and a central grid of equipment units. The sidebar links include Manage (Equipment, Personnel, Consultants, Companies, Manage Bid Price, Cost Centers, Equipment Status, Image Album), Reports (General Stats Report, Revenue Report, Equipment Report, Personnel Report), Create a Work Order, and View a Work Order (Pending, Active, Released, Closed). The central grid shows various equipment units such as EDS-183, ESD-223, FM-101, FM-112, FS-135, FS-239, FS-456, FS-457, HS-201, HS-202, Junk-03, Junk-04, PT-001, PT-02, PT-05, Pumper 001, Pumper 002, Pumper 003, Pumper 004, Rental 100psi, Rental 100psi, Rental 2000psi, Rental 2000psi, Rig 12, Rig 15, Rig 3, Rig 4, Rig 5, Rig 6, T-146, T-148, T-149, T-150, T-151, T-152, T-153, T-154, T-155, T-156, T-157, T-158, T-159, T-160, T-161, T-162, T-163, T-164, T-165, T-166, T-167, T-168, T-169, T-170, T-171, T-172, T-173, T-174, T-175, T-176, T-177, T-178, T-179, T-180, T-181, T-182, T-183, T-184, T-185, T-186, T-187, T-188, T-189, T-190, T-191, T-192, T-193, T-194, T-195, T-196, T-197, T-198, T-199, T-200. A detailed view of a unit (T-146 2000/3.5m3) is shown on the right, including company information, work order details, personnel, consultant contacts, auxiliary equipment, and rental items.

## Key Functions

### Electronic Job Board:

- Accessible with any device where internet is available
- Enables all departments to view the status of jobs and assets in real-time
- Tracks personnel, equipment and rental usage, and revenue while serving as a hub for your work order and job-site documentation
- Assets are colour coded to provide status and availability
- Job details are viewable with tool tips

### Work Orders:

- Provides an electronic job detail for all crew members
- Track man hours, mileage and consumables
- Populate daily tickets

### Generate Reports:

- Effortlessly pull records as a daily, monthly or yearly report at the click of a button
- Revenue reports
- Utilization reports for equipment and personnel
- Real-time view of day-to-day operations occurring in the field

### Bids & Sales:

- Ability to link your price book to your assets
- Build your own quotes
- Apply or adjust discounts to your bids and daily tickets

### Accounting:

- Exports a CSV file into most accounting systems
